Principal's Message

Dear all

Greetings!

St. Mary's school is on a journey of creating a learning society for sustained growth that builds human capital and fosters innovation. We are developing a thinking school, where facilitators and students continuously challenge assumptions, promote enquiry-based learning, study the best practices globally and adapt them locally to generate a climate that draws forth new attitudes, beliefs, skills, capabilities, awareness and values.

Through this newsletter, we would like you to see our beautiful journey taken so far. This newsletter will give you sneak peak of our monthly activities, special assemblies, celebrations and our achievements. This journey is beautiful because of parent's unconditional support and faith. It is said "Great Connections begin with appropriate communication". I strongly believe that good communication bridges up the gap between the school and parents. We seek your continuous support and free flow of communication for the same. Let's collaborate to enforce the best practices and inculcate strong values for the well-being of our students. We will leave no stone unturned to help our young learners reach the highest pedestal.

Our aim is to nurture 21st century skills with Indian values. We encourage our students to think deeply about issues and matters and take initiatives to resolve.

A beautiful country is a reflection of beautiful people. At St. Mary's School, we passionately believe in happy students who shall create a happy tomorrow.

Stay Connected, Stay Blessed!

*Warm Regards
Seema Gupta

“Believe in the power of persistence. Keep pushing forward, even when the going gets tough.”

Sometimes, life can be challenging. You may face obstacles and setbacks, and it can be easy to lose sight of your goals and dreams. That's why it's important to remember that life is not about the destination, but about the journey. Embrace the ups and downs, and use them as opportunities to grow and learn.

I encourage you to have a growth mindset, to never stop learning, and to always keep pushing forward, no matter what challenges come your way. And always remember, life is not a competition with others, but a journey to become the best version of yourself.

“Remember that success is not about winning, but about becoming the best version of yourself.”

Academics is not only studies!!

It's about overall grooming of child. We believe in knowledge that can be communicated and reflected well during our day today life.
